

Please help block the airing of the broadcast Stolen Honor by the Sinclair Corporation. I believe that the Sinclair Corporation is abusing their power by promising to air a politically biased movie for the sole purpose of defaming a political candidate to get another candidate elected. They are using "free" t.v. to do this. They must be stopped! We can not permit such biased programming to go unchallenged! We need fair and equal programs if a station is allowed to show such political slander using free airwaves. Why not show Farenheight 9/11 then. This type of program is not for a "free t.v." station to air. If citizens want to see it, they should/will pay to see it.

Please help, our country is at stake here.

Thank You,

Lynn Bell
